The CoEVOLUTION Quarterly
Box 428, Sausalito, California 94965 415-332-1716

POINT MINUTES:

December 28th, 1977
Stewart Brand & Andrea Sharp. Meeting at CoEvolution Quarterly Office.

Point was given an anonymous grant of $5,000.00 from the Tides Foundation. Received on 12/8/77.

Starting with the current issue, #16, of the CoEvolution Quarterly, it is resolved that the price be raised as follows:
1 year subscriptions (4 issues) will be $12.00 (up from $8.00)
Cover price will be $3.50 (up from $2.50)
These price increases are an attempt to approach the ever elusive break-even point and cover the continually rising expenses involved in publication of the magazine.

Point will look into leasing/purchasing (1)a postal machine; (2)a van. Both items are deemed necessary and hopefully cost-effective to meet the increased circulation demands put upon the staff.

Point will be the co-ordinator for the Ark Ameer Project, Gate 5 Road, Sausalito, to receive funds and disperse them, if the Ark Ameer Project receives the grant they are applying for from the Historic Preservation Foundation.
